# HAWAIIAN TAX-FREE TRUST

## Notes to Financial Statements March 31, 2026

### 1. Organization and Significant Accounting Policies

Hawaiian Tax-Free Trust (the “Trust”), a non-diversified, open-end investment company, was organized on May 7, 1984, as a Massachusetts business trust and commenced operations on February 20, 1985. The Trust is authorized to issue an unlimited number of shares. Class A Shares are sold at net asset value plus a sales charge of varying size (depending upon a variety of factors) paid at the time of purchase and bear a distribution fee. Class C Shares are sold at net asset value with no sales charge payable at the time of purchase but with a level charge for service and distribution fees for six years thereafter. Class C Shares automatically convert to Class A Shares after six years. Class F Shares and Class Y Shares are sold only through authorized financial institutions acting for investors in a fiduciary, advisory, agency, custodial or similar capacity, and are not offered directly to retail customers. Class F Shares and Class Y Shares are sold at net asset value with no sales charge, no redemption fee, no contingent deferred sales charge (“CDSC”) and no distribution fee. All classes of shares represent interests in the same portfolio of investments and are identical as to rights and privileges but differ with respect to the effect of sales charges, the distribution and/or service fees borne by each class, expenses specific to each class, voting rights on matters affecting a single class and the exchange privileges of each class.

The Asset Management Group of Bank of Hawaii (the “Adviser”), serves as Investment Adviser to the Trust.

The Trust is an investment company and follows accounting and reporting guidance in the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 946.

**Portfolio Valuation** — Municipal securities are valued each business day based upon information provided by a nationally prominent independent pricing service and periodically verified through other pricing services. In the case of securities for which market quotations are readily available, securities are valued by the pricing service at the mean of bid and ask quotations. If a market quotation or a valuation from the pricing service is not readily available, the security is valued using other fair value methods. Securities that do not have a readily available current market value are valued in good faith by the Adviser as “valuation designee” under the oversight of the Trust’s Board of Trustees. Relying on prices supplied by pricing services or dealers or using fair valuation may result in values that are higher or lower than the values used by other investment companies and investors to price the same investments. The Adviser has adopted written policies and procedures for valuing securities and other assets in circumstances where market quotes are not readily available. In the event that market quotes are not readily available, and the security or asset cannot be valued pursuant to one of the valuation methods, the value of the security or asset will be determined in good faith by the Adviser pursuant to its policies and procedures. On a quarterly basis, the Adviser’s fair valuation determinations will be reviewed by the Trust’s Board of Trustees. Prices for equity securities normally are supplied by an independent pricing service approved by the Trust’s Board of Trustees. Investments in other open-end investment companies are valued based on the NAV of such investment companies (which may use fair value pricing as disclosed in their prospectuses).

**Fair Value Measurements** — The inputs and valuation techniques used to measure fair value of the Trust’s investments are summarized into three levels as described in the hierarchy below:

- Level 1 — quoted prices in active markets for identical securities;
- Level 2 — other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.); and
- Level 3 — significant unobservable inputs (including the Trust’s own assumptions in determining the fair value of investments).

The fair value of a Trust’s bonds is generally based on quotes received from brokers or independent pricing services. Bonds with quotes that are based on actual trades with a sufficient level of activity on or near the measurement date are classified as Level 2 assets.

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. Transfers in and out are recognized at the value at the end of the period.

# HAWAIIAN TAX-FREE TRUST

## Notes to Financial Statements (Continued) March 31, 2026

The valuations for fixed income securities are typically the prices supplied by independent third-party pricing services, which may use market prices or broker/dealer quotations or a variety of valuation techniques and methodologies. The independent third-party pricing services use inputs that are observable such as issuer details, interest rates, yield curves, prepayment speeds, credit risks/spreads, default rates and quoted prices for similar securities. To the extent that these inputs are observable, the fair value of fixed income securities would be categorized as Level 2; otherwise the fair values would be categorized as Level 3.

The following is a summary of the inputs used, as of March 31, 2026, in valuing the Trust's investments carried at fair value:

	Total Value at 03/31/26	Level 1 Quoted Price	Level 2 Other Significant Observable Inputs	Level 3 Significant Unobservable Inputs
<b>Assets</b>				
Municipal Bonds . . . . .	\$356,444,205	\$ —	\$356,444,205	\$ —
Short-Term Investment . . . . .	6,144,161	6,144,161	—	—
Total Assets . . . . .	<u>\$362,588,366</u>	<u>\$6,144,161</u>	<u>\$356,444,205</u>	<u>\$ —</u>

At the end of each quarter, the Adviser evaluates the classification of Levels 1, 2 and 3 assets and liabilities. Various factors are considered, such as changes in liquidity from the prior reporting period; whether or not a broker is willing to execute at the quoted price; the depth and consistency of prices from third-party pricing services; and the existence of contemporaneous, observable trades in the market. Additionally, the Adviser evaluates the classification of Level 1 and Level 2 assets and liabilities on a quarterly basis for changes in listings or delistings on national exchanges.

Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the fair value of the Trust's investments may fluctuate from period to period. Additionally, the fair value of investments may differ significantly from the values that would have been used had a ready market existed for such investments and may differ materially from the values the Trust may ultimately realize. Further, such investments may be subject to legal and other restrictions on resale or otherwise less liquid than publicly traded securities.

For fair valuations using significant unobservable inputs, U.S. generally accepted accounting principles ("U.S. GAAP") require the Trust to present a reconciliation of the beginning to ending balances for reported market values that present changes attributable to total realized and unrealized gains or losses, purchase and sales, and transfers in and out of Level 3 during the period. A reconciliation of Level 3 investments is presented only when the Trust have an amount of Level 3 investments at the end of the reporting period that was meaningful in relation to net assets. The amounts and reasons for all transfers in and out of Level 3 are disclosed when the Trust had an amount of transfers during the reporting period that was meaningful in relation to net assets as of the end of the reporting period.

For the year ended March 31, 2026, there were no transfers in or out of Level 3.

**Use of Estimates** — The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates and those differences could be material.

**Investment Transactions, Investment Income and Expenses** — Investment transactions are recorded on trade date for financial statement preparation purposes. Realized gains and losses on investments sold are recorded on the identified cost basis. Interest income is recorded on the accrual basis. Accretion of discounts and amortization of premiums are recorded on a daily basis using the effective yield method except for short term securities, which records discounts and premiums on a straight-line basis. Distribution (12b-1) fees and shareholder services fees relating to a specific class are charged directly to that class. All income, expenses (other than class-specific expenses), and realized and unrealized gains or losses are allocated daily to each class of shares based on the relative net assets of each class. Class-specific expenses, which include distribution and service fees and any other items that are specifically attributed to a particular class, are also charged directly to such class on a daily basis.

# HAWAIIAN TAX-FREE TRUST

## Notes to Financial Statements (Continued) March 31, 2026

**Dividends and Distributions to Shareholders** — Dividends from net investment income are declared daily and paid monthly to shareholders. Distributions, if any, of net short-term capital gain and net capital gain (the excess of net long-term capital gain over the short-term capital loss) realized by the Trust, after deducting any available capital loss carryovers are declared and paid to its shareholders annually. Income dividends and capital gain distributions are determined in accordance with U.S. federal income tax regulations, which may differ from U.S. GAAP. These differences include the treatment of non-taxable dividends, expiring capital loss carryforwards and losses deferred due to wash sales and excise tax regulations. Permanent book and tax basis differences relating to shareholder distributions will result in reclassifications within the components of net assets.

**U.S. Tax Status** — No provision is made for U.S. income taxes as it is the Trust's intention to continue to qualify for and elect the tax treatment applicable to regulated investment companies under Subchapter M of the Internal Revenue Code of 1986, as amended ("Internal Revenue Code"), and make the requisite distributions to its shareholders which will be sufficient to relieve it from U.S. income and excise taxes.

**Other** — In the normal course of business, the Trust may enter into contracts that provide general indemnifications. The Trust's maximum exposure under these arrangements is dependent on claims that may be made against the Trust in the future, and therefore, cannot be estimated; however, based on experience, the risk of material loss for such claims is considered remote.

**Segment Reporting** — In accordance with the FASB Accounting Standards Update (ASU) 2023-07, Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures, the Trust has evaluated its business activities and determined that it operates as a single reportable segment.

The Chief Operating Decision Maker ("CODM") is the Investment Adviser Oversight Committee at the Adviser of the Trust. The CODM has concluded that the Trust operates as a single operating segment since the Trust has a single investment strategy as disclosed in its prospectus, against which the CODM assesses performance. The financial information provided to and reviewed by the CODM is presented within the Trust's financial statements.

**Accounting Pronouncement** — On December 14, 2023, the FASB issued ASU 2023-09, which establishes new income tax disclosure requirements and modifies or eliminates certain existing disclosure provisions. The amendments in this ASU are intended to address investor requests for more transparency about income tax information and to improve the effectiveness of income tax disclosures. ASU 2023-09 applies to all entities that are subject to ASC 740, Income Taxes. The ASU is effective for annual periods beginning after December 15, 2024. Management has reviewed the impact of ASU 2023-09 and concludes there is no material impact on the Trust's financial statements.

## 2. Transactions with Related Parties and Other Service Providers

The Adviser serves as investment adviser to the Trust pursuant to an investment advisory agreement with the Trust (the "Advisory Agreement"). For its services, the Adviser is paid a monthly fee at the annual rate of 0.23% of the Trust's net asset value on assets under \$875 million; 0.17% of the Trust's net asset value on assets of \$875 million or more, but less than \$1.5 billion; and 0.155% of the Trust's net asset value on assets of \$1.5 billion and over.

The Adviser provides certain administrative services to the Trust under an Administrative Services Agreement. The Adviser receives a fee at an annual rate of 0.10% of the Trust's average daily net assets for providing such administrative services. For the year ended March 31, 2026, the Adviser received fees for its administrative services totaling \$381,819.

### Other Service Providers

The Bank of New York Mellon ("BNY") serves as administrator and custodian for the Trust. For providing administrative and accounting services, BNY is entitled to receive a monthly fee equal to an annual percentage rate of the Trust's average daily net assets and is subject to certain minimum monthly fees. For providing certain custodial services, BNY is entitled to receive a monthly fee, subject to certain minimum, and out of pocket expenses. The fees incurred by the Trust for these services are included in the Administration and Custodian fees in the Statement of Operations.

# HAWAIIAN TAX-FREE TRUST

## Notes to Financial Statements (Continued) March 31, 2026

BNY Mellon Investment Servicing (US) Inc. (the “Transfer Agent”) provides transfer agent services to the Trust. The Transfer Agent is entitled to receive a monthly fee, subject to certain minimum, and out of pocket expenses.

The Trust, has entered into agreements with financial intermediaries to provide recordkeeping, processing, shareholder communications and other services to customers of the intermediaries investing in the Trust and have agreed to compensate the intermediaries for providing those services. The fees incurred by the Trust for these services are included in Transfer agent fees in the Statement of Operations.

Foreside Funds Services, LLC (the “Distributor”) provides principal underwriting services to the Trust pursuant to an underwriting agreement between the Trust and the Distributor.

The Trust and the Distributor are parties to an underwriting agreement. The Trust has adopted a distribution plan for Class A and Class C shares in accordance with Rule 12b-1 under the 1940 Act. Pursuant to the Class A and Class C shares plan, the Trust compensates the Underwriter for direct and indirect costs and expenses incurred in connection with advertising, marketing and other distribution services in an amount not to exceed 0.20% and 1.00% (0.75% Rule 12b-1 distribution fee and 0.25% shareholder service fee) on an annualized basis of the average daily net assets of the Trust’s Class A and Class C shares, respectively. The fees incurred by the Trust for these services are included in the Distribution fees in the Statement of Operations.

### Trustees and Officers

The Trust is governed by its Board of Trustees. The Trustees receive compensation in the form of an annual retainer and per meeting fees for their services to the Trust. An employee of BNY serves as the Secretary of the Trust and is not compensated by the Trust.

Prior to July 31, 2025, JW Fund Management LLC (“JWFM”) provided a Principal Executive Officer and a Principal Financial Officer to the Trust. Effective August 1, 2025, Tidal ETF Services LLC (“Tidal”) provides a Principal Executive Officer and a Principal Financial Officer to the Trust. Chenery Compliance Group, LLC (“Chenery”) provides the Trust with a Chief Compliance Officer and an Anti-Money Laundering Officer. Tidal and Chenery are compensated for their services provided to the Trust. JWFM was compensated for its services provided to the Trust through July 31, 2025.

### 3. Investment in Securities

For the year ended March 31, 2026, aggregated purchases and sales of investment securities (excluding short-term investments) of the Trust were as follows:

	<u>Purchases</u>	<u>Sales</u>
Investment Securities . . . . .	\$110,361,969	\$142,736,098

The Trust may purchase or sell securities on a when-issued basis. When-issued transactions arise when securities are purchased or sold by the Trust with payment and delivery taking place in the future in order to secure what is considered to be an advantageous price and yield to the Trust at the time of entering into the transaction. These transactions are subject to market fluctuations and their current value is determined in the same manner as for other securities.

### 5. Federal Tax Information

The Trust has followed the authoritative guidance on accounting for and disclosure of uncertainty in tax positions, which requires the Trust to determine whether a tax position is more likely than not to be sustained upon examination, including resolution of any related appeals or litigation processes, based on the technical merits of the position. Tax positions not deemed to meet the more-likely-than-not threshold would be recorded as tax benefit or expense in the current year. The Trust has determined that there was no effect on the financial statements from following this authoritative guidance. In the normal course of business, the Trust is subject to examination by federal, state and local jurisdictions, where applicable, for tax years for which applicable statutes of limitations have not expired.

Distributions are determined in accordance with federal income tax regulations, which may differ in amount or character from net investment income and realized gains for financial reporting purposes. Accordingly, the character of distributions and composition of net assets for tax purposes may differ from those reflected in the accompanying financial statements. To the extent these differences are permanent, such amounts are reclassified within the components of net assets based on the tax treatment; temporary differences do not require reclassifications. Net assets were not affected by these adjustments.

At March 31, 2026, the Trust had capital loss carryforwards of \$19,941,524 of which \$2,563,037 retains its character of short-term and \$17,378,487 retains its character of long-term; both have no expiration. These carryforwards are available to offset future net realized gains on securities transactions to the extent provided for in the Internal Revenue Code.

# HAWAIIAN TAX-FREE TRUST

## Notes to Financial Statements (Continued) March 31, 2026

The tax character of distributions paid during the year ended March 31, 2026, were as follows:

	<u>Ordinary Income</u>	<u>Tax Exempt Distributions</u>	<u>Total Distributions Paid*</u>
Hawaiian Tax-Free Trust . . . . .	\$340,740	\$10,052,074	\$10,392,814

\* Distributions will not tie to Statements of Changes in Net Assets because distributions are recognized when actually paid for tax purposes.

The tax character of distributions paid during the year ended March 31, 2025, were as follows:

	<u>Ordinary Income</u>	<u>Tax Exempt Distributions</u>	<u>Total Distributions Paid*</u>
Hawaiian Tax-Free Trust . . . . .	\$378,550	\$8,905,608	\$9,284,158

\* Distributions will not tie to Statements of Changes in Net Assets because distributions are recognized when actually paid for tax purposes.

Distributions from net investment income and short-term capital gains are treated as ordinary income for federal income tax purposes.

As of March 31, 2026, the components of distributable earnings/(loss) on a tax basis were as follows:

	<u>Capital Loss Carryforward</u>	<u>Undistributed Tax Exempt</u>	<u>Distributions Payable</u>	<u>Unrealized Appreciation/ (Depreciation)</u>
Hawaiian Tax-Free Trust . . . . .	\$(19,941,524)	\$166,918	\$(164,583)	\$(2,884,219)

The differences between the book and tax basis components of distributable earnings relate primarily to the timing and recognition of income and gains for federal income tax purposes.

As of March 31, 2026, the federal tax cost, aggregate gross unrealized appreciation and depreciation of securities held by the Trust was as follows:

	<u>Federal Tax Cost</u>	<u>Unrealized Appreciation</u>	<u>Unrealized (Depreciation)</u>	<u>Net Unrealized (Depreciation)</u>
Hawaiian Tax-Free Trust . . . . .	\$365,472,585	\$2,761,422	\$(5,645,641)	\$(2,884,219)

Pursuant to federal income tax rules applicable to regulated investment companies, the Trust may elect to treat certain capital losses between November 1 and March 31 and late year ordinary losses ((i) ordinary losses between January 1 and March 31, and (ii) specified ordinary and currency losses between November 1 and March 31) as occurring on the first day of the following tax year. For the year ended March 31, 2026, any amount of losses elected within the tax return will not be recognized for federal income tax purposes until April 1, 2026. For the year ended March 31, 2026, the Trust did not have late year ordinary loss deferrals and capital loss deferrals.

### 6. Concentration of Credit Risk

The Hawaiian Tax-Free Trust primarily invests in debt obligations issued by the state of Hawaii and its political subdivisions, agencies, and public authorities to obtain funds for various public purposes. The Trust is more susceptible to factors adversely affecting issues of Hawaii municipal securities than is a municipal bond fund that is not concentrated in these issuers to the same extent.

# HAWAIIAN TAX-FREE TRUST

## Notes to Financial Statements (Concluded) March 31, 2026

### 7. Debt Investment Risk

Debt investments are affected primarily by the financial condition of the companies or other entities that have issued them and by changes in interest rates. There is a risk that an issuer of the Trust's debt investments may not be able to meet its financial obligations (e.g., may not be able to make principal and/or interest payments when they are due or otherwise default on other financial terms) and/or go bankrupt. Securities such as high-yield/high-risk bonds, e.g., bonds with low credit ratings by Moody's (Ba or lower) or Standard & Poor's (BB and lower) or if unrated are of comparable quality as determined by the manager, are especially subject to credit risk during periods of economic uncertainty or during economic downturns and are more likely to default on their interest and/or principal payments than higher rated securities. Debt investments may be affected by changes in interest rates. Debt investments with longer durations tend to be more sensitive to changes in interest rates, making them more volatile than debt investments with shorter durations or floating or adjustable interest rates. The value of debt investments may fall when interest rates rise.

### 8. Subsequent Events

Management has evaluated the impact of all subsequent events on the Trust through the date the financial statements were issued, and has determined that there are no subsequent events requiring recognition or disclosure in the financial statements.

# HAWAIIAN TAX-FREE TRUST

## Report of Independent Registered Public Accounting Firm

**To the Board of Trustees and Shareholders of Hawaiian Tax-Free Trust:**

### **Opinion on the Financial Statements**

We have audited the accompanying statement of assets and liabilities of Hawaiian Tax-Free Trust (the "Trust"), including the portfolio of investments, as of March 31, 2026, the related statement of operations for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, and financial highlights for each of the five years in the period then ended, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Trust as of March 31, 2026, the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended, and its financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

These financial statements are the responsibility of the Trust's management. Our responsibility is to express an opinion on the Trust's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Trust in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB. We have served as the auditor for the Trust since 2005.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Trust is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. Our procedures included confirmation of securities owned as of March 31, 2026 by correspondence with the custodian. We believe that our audits provide a reasonable basis for our opinion.

# HAWAIIAN TAX-FREE TRUST

## Shareholder Tax Information (Unaudited)

The Trust is required by Subchapter M of the Internal Revenue Code, to advise its shareholders of the U.S. federal tax status of distributions received by the Trust's shareholders in respect of such fiscal year.

The tax character of distributions paid during the year ended March 31, 2026 were as follows:

	<u>Ordinary Income</u>	<u>Tax Exempt Distributions</u>	<u>Total Distributions Paid*</u>
Hawaiian Tax-Free Trust . . . . .	\$340,740	\$10,052,074	\$10,392,814

\* Distributions will not tie to Statements of Changes in Net Assets because distributions are recognized when actually paid for tax purposes.

Dividends from net investment income and short-term capital gains are treated as ordinary income dividends for federal income tax purposes.

The percentage of qualified interest income related dividends not subject to withholding tax for non-resident aliens and foreign corporations for the Trust is 100.00%.

All designations are based on financial information available as of the date of this annual report and, accordingly, are subject to change. For each item, it is the intention of the Trust to designate the maximum amount permitted under the Internal Revenue Code of 1986, as amended, and the regulations thereunder.

Because the Trust's fiscal year is not the calendar year, another notification will be sent with respect to calendar year 2026. The second notification, which will reflect the amount, if any, to be used by calendar year taxpayers on their U.S. federal income tax returns, will be made in conjunction with Form 1099-DIV and will be mailed in January 2027.

Foreign shareholders will generally be subject to U.S. withholding tax on the amount of their ordinary income dividends. They will generally not be entitled to a foreign tax credit or deduction for the withholding taxes paid by the Trust, if any.

In general, dividends received by tax-exempt recipients (e.g., IRAs and Keoghs) need not be reported as taxable income for U.S. federal income tax purposes. However, some retirement trusts (e.g., corporate, Keogh and 403(b)(7) plans) may need this information for their annual information reporting.

Shareholders are advised to consult their own tax advisers with respect to the tax consequences of their investment in the Trust.

# HAWAIIAN TAX-FREE TRUST

## Other Information (Unaudited)

### Item 8. Changes in and Disagreements with Accountants for Open-End Management Investment Companies.

Not applicable.

### Item 9. Proxy Disclosures for Open-End Management Investment Companies.

Not applicable.

### Item 10. Remuneration Paid to Trustees, Officers, and Others of Open-End Management Investment Companies.

The Trust's disclosure of remuneration items is included as part of the Annual Financials and Additional Information.

### Item 11. Statement Regarding Basis for Approval of Investment Advisory Contract.

The Board of Trustees of the Trust did not approve an investment advisory contract during the Trust's most recent fiscal half-year. A statement regarding the Board's considerations with respect to the most recent approval of the renewal of the Investment Advisory Agreement with Bank of Hawaii was included in the Registrant's Form N-CSR filed for the period ended September 30, 2025.

### Proxy Voting

Policies and procedures that the Trust uses to determine how to vote proxies relating to portfolio securities as well as information regarding how the Trust voted proxies relating to portfolio securities for the most recent 12-month period ended June 30 are available without charge, upon request, by calling (800) 437-1000 and on the Securities and Exchange Commission's ("SEC") website at <http://www.sec.gov>.

### Quarterly Portfolio Schedules

The Trust files its complete schedule of portfolio holdings with the SEC for the first and third fiscal quarters of each fiscal year (quarters ended June 30 and December 31) as an exhibit to its reports on Form N-PORT. The Trust's portfolio holdings on Form N-PORT are available on the SEC's website at <http://www.sec.gov>.
